**Detail the most beneficial aspects of the most recent meeting.**

All	information
Becky Cook - as we are hosting Staff Dev.	intrastruture goals met
connecting names with faces	Open communication
Gathered good info to share with my school.	Updates & status on technology roll out for 2016 -2017
great kick off for this school year.	What is coming. What was done this summer.
deliery eta's; discussion on imaging and conversion tool	

**Overall, how effective was the meeting?**

**Identify any technology-focused issues your building is experiencing.**

conversion tool needed; imaging success needed	Teacher tablets pending delivery for Language Arts & Lote
new phones.	Landesk- Imaging, workspaces
Elementary	None so far
Some machines not converted, overall OK	old technology
All	WiFi very weak

Moore elementary has a pile of computers in the library that were moved out from the portables by custodians who were told to do so. Nobody knows who requested this, neither does Leonard... I need help to figure out where these go and get them removed from inventory if that is what is needed.

Maybe a little bit better communcation. (i.e. Re-imaging not working properly.)

**Suggestions, thoughts, ideas?**

teacher traibv	None
None	Send as much information we may need
Conversion tool, needed	none

Is it possible to send meetings through Outlook to have on our calendars?

continued landesk training; for Leonard to open an audit for us in tippwebb so we can begin
