

# Bond Goal 5 Update

## Administration Computers Being Delivered

The Acquisitions team has submitted all of the purchase orders for the administration replacement computers. Our computer vendor has started the process of replacing the old computers. They have replaced 709 administration desktop computers at 53 campuses. This is 40% of the total administration computers that are scheduled for replacement. We will continue the replacement process until all computers that were eligible (over 5 years old) for replacement are completed.

Click [here](#) to see the number of replacements ordered per campus.
