

December 16 Technician Meeting Survey

The most recent meeting included items that were relevant to my daily activities. - 7 yes

Please detail the most beneficial aspects of the most recent meeting.

the progress of wireless being installed in building

Everyone was together in one place at one time. Lunch was excellent !

Discussion about projector update and DQ45 replacements

Receiving information regarding the Mitsubishi pixelating projectors replacement and the DQ45 replacement information

Enjoyed hearing updates from other departments

Information received, pending delivery of equipment; status of projects

Really enjoyed the presentations from each department. Thank you for your dedication to the students, teachers and staff at CFISD!

Please detail specific ways the most recent meeting could be improved.

A portable speaker system with microphone so that all of the speakers could have been heard over the AC unit

It would be nice to know the order and time line for replacing the old desktop computers in the spring and also have a microphone and small sound speaker when the meetings are held in the area we were in yesterday since it is hard to hear most people talk over the loud AC noise.

Suggestions, Thoughts, Ideas?

Thank you for the delicious luncheon. Happy Holidays!
