

# DEVICE IMAGING AND INTEGRATION LANDESK UPDATE

DII team as of July 22, 2016 completed all off the school and administrative building that were accessible. The team still has 7 building to convert but they are waiting on construction of some sort at those buildings. In a short 4 months the team has converted and imaged close to 57,000 machines. Click [here](#) to see the progress the teams have made.
