

DEVICE IMAGING AND INTEGRATION

Attending meetings with a purpose

Austen with Melanie

Austen Chang met with **Melanie Henderson** from CTE to discuss issues with Cengage website. Cengage website was being directed to Cengage UK instead of Cengage US. **Austen** worked with **Oscar Villar** to try and resolve this issue. **Austen** advised **Melanie** on how to work with this mishap for now.

Anthony with Lilliana, Ruth and Patricia

Anthony Melton provided LANDESK support to the Telge Transportation Center. **Anthony** also worked with them on Angel Traxx video support (system that records video on buses). He worked with supervisors, **Ms. Liliana Quintanilla**, **Ruth Hill**, and **Patricia Phillips**.

DEVICE IMAGING AND INTEGRATION

First things First

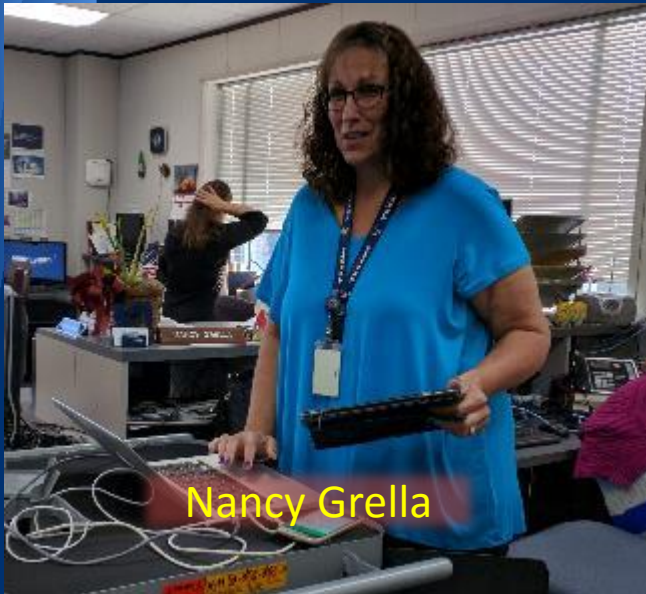

Derly, Josh, Daniel, Nancy, Anthony, Austen, Lillie, and Michelle

DII Team, met twice last week to discuss “First things First”. This was their meeting to discuss list of priorities and how to attack them. With beginning of school and all the changes, things can become pretty hectic. That is why the team met, they met to talk as group what needed attention and how to best get things done.

DEVICE IMAGING AND INTEGRATION

Making things better

Nancy Grella

Nancy Grella is working on converting “Pilot Project iPads” (first set of iPads the district purchased) and adding them to AirWatch. This is a long process but the schools will have a better performing device. Thanks Nancy!

Paula and Jennifer

Larry Barrios met with Paula Ross and Jennifer Miller on Thursday to discuss getting equipment up and running at Pridgeon Stadium. They are seen here on two cell phone with Frank Adian and Anna Senties. The team worked on plan to get machines ready for the game that night!
