Ivanti Server Upgrades

Josh Zhang and Austen Chang worked over the weekend to update the Ivanti servers. The imaging server was updated from 2016 to 2017.1 SU1. All other servers were updated from 2017 to 2017.1 SU1.

Due to the imaging server upgrade, all imaging thumb drives will need to be redone. You can see the CCC for assistance in this process.

This upgrades took approximately 5 hours. Thank you to Austen and Josh for taking time out of their weekend to perform this important task.
