

DEVICE IMAGING AND INTEGRATION

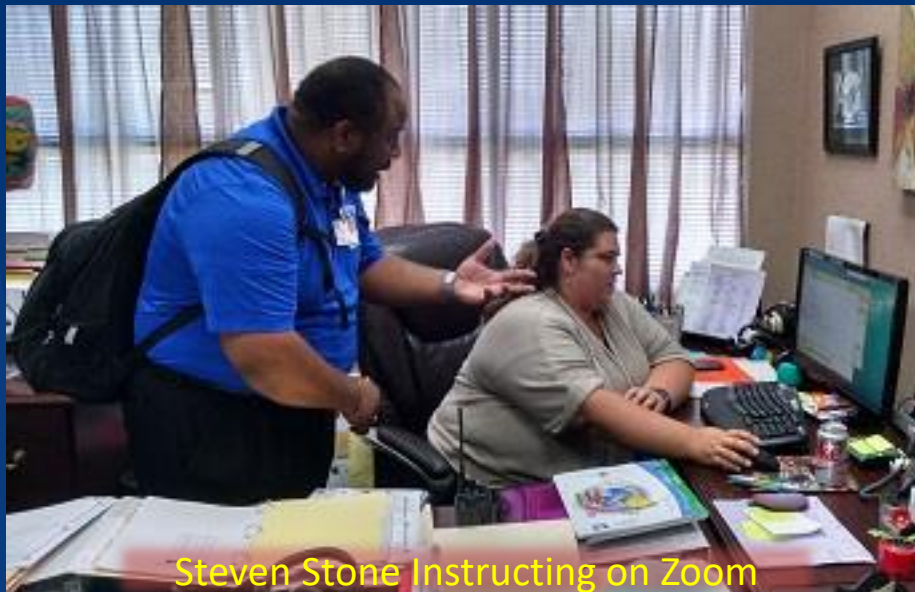

DII In Action

Austen Chang continues to work with the WePresent POC at Woodard. It was found that after reimaging several computers, touch no longer worked correctly on the Promethean boards. Updating the MirrorOp software, used with WePresent, resolved the issue.

Austen Chang with a Happy Teacher

Steven Stone Instructing on Zoom

Lillie Swearingen met with **Steven Stone** at Aragon MS to troubleshoot Promethean board issues. Three bad docking stations were found and turned in for warranty.

Steven also assisted in training Aragon customers on Zoom, a video conferencing software.

DII In Meetings and Training

Austen Training NWN

Austen Chang trained NWN on proper imaging practices for the district as they deliver new Tiny's. Austen, Anthony and Larry also met with Shan Wark, Account Technical Manager from NWN to discuss imaging. Shawn wanted to understand the process to better support his staff and at the same time the District.

DEVICE IMAGING AND INTEGRATION

DII In Meetings and Training

Larry Barrios attended the District Briefing called Title VII & Title IX Training. Title VII and Title IX covers discrimination. The training was at the Berry Center and also in attendance were Paula Ross, Jennifer Miller, and Jay Johnson. The training was given by Merri Schneider-Vogal from Thompson & Horton LLP. Talked about legal compliance as supervisor to maintain legal compliance.

District Title VII and Title IX training

Lillie, Winona, Michelle, Jesse

Michelle Campos and Lillie Swearingen met with Winona Lincoln and Jesse Guerrero of the SPED department to discuss SPED project sheets. There will be an alteration to the distribution of the Boardmaker package on several project sheets.
