

Enterprise Communications Network Operational Activity

Oscar Villar

Oscar Villar's Operational Contributions –

- Configured firewall policies for Unify's DAA (Dude Automation Appliance) in the ISC-DMZ to provide hardware to support the School Dude and WebCTRL integration for Energy Management.
- Working on HR's Cisco Be6k tele-video solution, configuring DNS and Firewall Policies.
- Monitored UDP flood DoS attacks, met with Russ Baron of Radware and explored defense alternatives. Also talked to Incapsula and requested a quote for DoS appliance.

Roland Padilla

Roland Padilla's Operational Contributions –

- Black Elementary phone service interruption, service cabling damaged.
- Anthony Middle School experiencing issues with incoming calls which were not ringing. This instance has happened previously at other campuses and is called "no ringdown voltage".
- Addressed connectivity issue with a recently replaced AP at Walker
- Club rewind department has requested new data drops in daycare portables of Transportation centers

Enterprise Communications Network Operational Activity

Oscar Villar

Glen Carpenter's Operational Contributions –

- Assist with iSupport Requests
- Campus Walkthrough to learn more about MDF/IDF closets
- Relocated UPS and enviro-sensors to correct ports
- Rebooted switch at Frazier ES to resolve network outage

Roland Padilla

Thomas Hollister's Operational Contributions –

- Power issues – Legacy UPS' continue to provide ample opportunities for campus visits.
- Fiest ES – Club Rewind has set up all around our IDF_B cabinet, which has had power issues lately. Campus administration was asked to move the remaining clutter from around our cabinet.

Glen Carpenter

Tony Roger's Operational Contributions –

- Attended first team meeting on Thursday
- Signed annual contract, obtained badge, getting oriented, etc.
- Walked Arnold MS both pre-conversion and post conversion

Enterprise Communications Network Operational Activity

Elizabeth Monte's Operational Contributions –

- Worked with HVAC to verify the enviro-sensors and the portables at Willbern were online. This site was used for early voting this past weekend.
- Provided Climatec updated IP address information after the Salyards and Truitt upgrade.
- Recovered all spare Aruba access points at Cy Woods that were installed and returned to Layer3.
- Assisting MCA by checking ports and configuring Cisco AP's for elementary schools.

Oscar Villar

Roland Padilla

Glen Carpenter

Anna Senties' Operational Contributions –

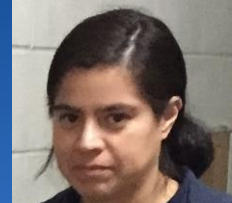

- Police core switch config was corrupt. The switch will be rebooted during Thanksgiving week.
- Worked with Layer3 on replacing bad access point at Cy Creek.
