### eSchoolPlus

### *LEAD The Way!*

Belinda Smith

**Belinda Smith** works with Lync to support the counselors in real time. This has increased the level of support offered to the counselors.

**Richard Hoffman** works with the eVolve staff on the data center 4 upgrade. You can read more about Richard and this project [here](#).

Richard Hoffman with the eVolve team

Dorothy Tong

Tammie Bartkowiak

**Dorothy Tong** and **Tammie Bartkowiak** work to secure student test data. They are reviewing secure access settings to ensure that the proper people can access the test scores, while maintaining integrity so that no unauthorized employees can access the data.

## *eFinancePlus*

### *LEAD The Way!*

T Traweck

**T Traweck** worked with Blake Legler of the finance department to implement a new vendor on the districts 'punch-out' application. This system allows employees to make 'paper-less' purchases, expediting the process and saving money.

**Rich Crishock** worked with Life Touch on the process that Cy Fair utilizes to receive student and faculty pictures and load them into the eSchool and eFinance system. Rich just returned from a mobile programming training class is working refining his training.

## Information Services and Applications

### PEIMS Team

**LEAD** The Way!

**Norma Blenderman**, supervisor of the PEIMS Team, is currently working on the end of the year submission of data to the Texas Education Agency (TEA). In addition, Norma is working on the Office of Civil Rights (OCR) audit. This is a standard audit conducted every two years. You can read more about the OCR audit [here](#).

Norma Blenderman

Marta Bott

Pat Maldonado

**Marta Bott and Pat Maldonado** worked on the end-of-year (EOY) processes that ensure all student records are properly closed out at the end of the school year, which is **Thursday June 4, 2015**.

K-12 EDUCATION

Grades On The Go

Parents can stay up-to-date on student success through class grades, interim progress reports, and report cards.

Lindsey Aberts			
Progress Report			
Run 08/08/2014			
Biology (H)	PRG	94	
8142-1			
Mr. Brunner			
English 10 (H)	PRG	90	
8102-1			
Ms. Ross			
Geometry (H)	PRG	95	
8362-2			
Mr. Cier			

**Rodney White** worked on two major projects this week that directly support of the students:

- Family Mobile App
- Digital – Online Textbook Provisioning

These two projects are complicated to achieve, but will greatly impact the way students in Cy Fair learn .

Way to go Rodney!
