

Enterprise Communications Network Bond Activity

Stewart Loftis

Stephen Buck

Presidio Engineer

Oscar Villar worked with Presidio at Data Center 4 as they configured the Nexus 5472 switches and the Core routers to support the BYOT pods.

Oscar Villar, Presidio, and MCA Communications work in DataCenter 3 to rack new equipment. Pictured to the right is Stewart Loftis from Presidio showing MCA where to rack the Cisco 4500 in Row C.
