

Meeting with Strategic Partner Prime Systems / Directron

Frankie Jackson met with Julia Liu, President of Prime Systems and Directron, on **December 12, 2017**. Prime Systems is a long standing strategic partner of the district.

The district purchases devices and peripherals from Prime Systems, including onsite support and warranty/maintenance. Ms. Liu brought the representative from Lenovo and her support staff from Prime to wish CyFair staff happy holidays. She also wanted to discuss Prime's service strategy and make sure our needs are being met.
