DII

Remove 3 buttons: <http://www.cfid-technologyservices.net/dii-history.html>

Archive DII 2016-2017, Archive 2015-2016, Archive 2014-2015

DII Archive – Add the years

Under weekly updates – put dates on one line for each month

Standardize on Weekly Updates in all team pages

NIC

Add a NIC Button here: <http://www.cfid-technologyservices.net/network-infrastructure-and-communications.html>

Move all documents that are shared under NIC

Move NMO leadership topics under NIC, e.g. <http://www.cfid-technologyservices.net/network-management-operations.html>

NMO

Standardize all team pages – in titles and purpose (using same colors, spacing, and fonts)

Move NMO team goals under NIC leadership

Network Management Operations

The purpose of the Network Management and Operations team is to manage and operate the network file servers including E-Mail, file/print services, transportation, food service, library, security, maintenance, Internet content filtering, and all file server applications.

ECN: <http://www.cfid-technologyservices.net/enterprise-communications-network.html>

Change to standard weekly updates

Paula will duplicate the weekly update submittal process to make easier to find pictures and make updates

ISA

Make dates spread out over the horizontal page – 5 per row

<http://www.cfid-technologyservices.net/information-services-and-applications.html>

Move FAQs to Resource Page <http://www.cfid-technologyservices.net/eschoolplus.html>

Create a button for ISA for resources – move all resources for ISA there so there is only 1 source document.

Think about the future about how to store internal documents

RESOURCES

Update the RESOURCES page – with a new strategy so that it is divided into two sections: Internal Operational Processes (under Performance Excellence category 5) and Resources (what is there now) that will be left for customers.

So RESOURCES on our website will be for customers

Performance Excellence Operations (Category 5) will be for our Technology Staff

We like this link: <https://www.irs.gov/help-resources>

Change RESOURCES to HELP & RESOURCES

Geoff will work Jennifer on the questions

AAS

Acquisitions – move RFPs to Board Approvals (Under Leadership and Vision)

Move under resources: Check the status and delivery schedule of Technology Purchases
