

# Moving of the Last Mission Critical System (Finance) to Data Center 4 and a Tour with Stuart Snow

Greg Rhodes hosted a tour at Data Center 4 on **June 26, 2018** with Stuart Snow, Frankie Jackson, John Crumbley and Eric May. Greg gave a complete tour of the district's technology network infrastructure with explanations about how the facility was constructed and what systems are running at Data Center 4.

John Crumbley, Greg Rhodes, Eric May and Stuart Snow

**Data Center 2**  
Mission critical applications  
All technology applications  
Backup, Disaster Recovery

**Tier 2 Facility**  
**Bleyl Data Center**  
Backup, Disaster Recovery,  
Inhouse Technology Applications,  
Data Archival

**Data Center 3**  
Campus WAN Fiber Connections
