

# District Leadership Conference

Frankie Jackson along with other leaders from the Technology Services team participated in day 1 of the back to school leadership conference on Tuesday, **August 8, 2017**. Dr. Henry gave a great welcome message. He focused on expectations and be clear about what we expect others to do. For the key note speaker, Liz Murry, author of “From Homeless to Harvard” gave an inspiring speech!

# District Leadership Conference

Team! Thank you for your support today! I heard so many folks talk about the ease of scanning in to today's event. We are so blessed to work alongside you and your team. We appreciate all of the behind-the-scenes dynamics that had to happen to best ensure scanning success. **Bravo to you and your team!** – Glenda Horner, Director of Staff Development

The Information Services and Applications (ISA) team under John Crumbley's leadership with Rich Crishock, supported the district's leadership conference on **August 8-9, 2017** to support staff development in the new automated process for attendance. The team received rave reviews from the Director of Staff Development, Glenda Horner. Thank you team!

## Great Job!

# District Leadership Conference

The Technology Services leadership team participated in day 2 of the district's leadership conference conducted on **August 9, 2017**. Teresa Hull presented an overview of the Texas Legislative Bills resulting from this year's legislative session. Marney Sims addressed the district leadership team on new laws pertaining to Texas school districts and Chairita Franklin discussed Human Resources issues and professional behavior.
