

Metcalf Elementary School

Final Push for Preparing Network Electronics at the Renovation Campuses, Getting Ready for the First Day of School

As the first day of the 2018-2019 school year approaches on Monday, August 27th, Cypress-Fairbanks staff is making a final push to get the network electronics connected across the district.

Frankie Jackson visited Toni Rogers on Friday **August 24, 2018** at Metcalf elementary. It just so happened that the lights were out in the IDF network closet. Tony was having to work in the dark. Plus the closet was unbearable hot: at least 80 degrees. It was so hot the fans in the switches were running so loud, Tony and I could not talk. Matt Morgan was visiting schools and came by Metcalf. Tony brought Matt into the closet so he could see the level of criticality.

Thank you for all that you do Tony!

Tony Rogers,
Network Quadrant Leader on Southeast Side
