

2014 Bond Implementation Status As of July 29, 2016

Major 2014 Bond projects have been completed this summer or are well underway. The team has done a phenomenal job! **LOTS OF GREEN....** The following table shows the overall completions by grade cluster and area of focus in the bond by wave of upgrade. The following table shows the overall summary averages of each Bond Goal's percent complete. The full detail of the schedule by campus can be viewed [here](#).

Grade Cluster	Wave 2A Install Cabling Planned	Wave 2B Install Cabling New	Wave 1 Replace Old Wireless	Wave 4 Install Dense Wireless	Wave 5A Connect Wireless to DC 3	Wave 5B Connect Wireless to DC 4	Wave 10 Install Outside Wireless	Wave 3 Replace Network Electronics	Wave 2C Connect Fiber Network	Wave 6 Upgrade Power and AC	Wave 7 Replace Phones w/ VoIP	Wave 8A Replace 15-16 Devices	Wave 8B Replace 16-17 Devices	Wave 9A Replace Network Printers	Wave 11 Upgrade ZEN to LANDesk
HUB Complete	100%	100%	100%	100%	100%	100%	79%	100%	100%	100%	17%	100%	0%	17%	100%
HS Complete	100%	100%	100%	100%	100%	100%	84%	100%	100%	100%	11%	100%	0%	13%	100%
MS Completion	100%	100%	100%	100%	100%	100%	90%	100%	100%	50%	6%	100%	0%	0%	94%
ES Completion	99%	83%	67%	78%	93%	93%	0%	100%	100%	0%	4%	100%	0%	0%	96%

The top priorities for the summer include the following 4 bond goals. All staff is aligned to support these projects as we gear up for the start of school.

1. **Bond Goal 1** - Wireless upgrades for dense deployment **Secondary Schools Complete!**
2. **Bond Goal 5.1** - Telephone system upgrades with Voice over IP **Making Great Progress**
3. **Bond Goal 5.2** - LANDesk implementation to replace Novell ZenWorks ✓
4. **Bond Goal 2** - Configuration of the firewalls and the DMZ (network partitioning) **In Work**
