

2014 Bond Technology Infrastructure Update for the October 2017 Board of Trustee Meeting

Frankie Jackson prepared a 2014 Bond Technology Infrastructure Update. She went through several iterations of the presentation with Stuart Snow. The presentation will be presented to the Board of Trustees at the October 2017 Board meeting. The draft update is available for review [here](#). The presentation will be part of an overall 2014 Bond update.

The slide features the Cypress Fairbanks Independent School District logo at the top right, with the tagline "LEARN • EMPOWER • ACHIEVE • DREAM". Below the logo is a circular graphic for "CFISD Technology Services" with the motto "We Transform Education" and a "Weekly Updates" label. The main title is "Technology Infrastructure Update". A yellow bar labeled "Projects" contains a list of six items, each with a small icon and a bond number:

- Wireless** (Bond 1): Install High Speed Wireless Access Infrastructure
- Network** (Bond 2): Install Network Electronics Infrastructure
- Connectivity** (Bond 3): Upgrade Connectivity, Power, and Air Conditioning
- Data Centers** (Bond 4): Upgrade the Data Center and Infrastructure
- Staff Tech** (Bond 5): Upgrade Staff Technology and Telephone Systems
- Construction** (Bond 6): Install Technology Infrastructure in New Schools
