

Meeting with Representatives From ClassLink

On Tuesday, **October 3, 2017**, Frankie Jackson, Paula Ross, Josh Zhang, John Crumbley, and Rodney White met with representatives from ClassLink. This is the 3rd meeting with ClassLink where our team is assessing the capabilities, efficiencies, and cost savings that may be available if we opted to use ClassLink rather than StoneWare.

At the last meeting, Frankie asked ClassLink to provide Texas references and a comparison of ClassLink verses Stoneware. She also asked for an analysis of how ClassLink could streamline BYOT and other benefits that could be realized by using their product. Both of these items were delivered prior to the meeting. Frankie worked before the meeting with to contact every district reference that transitioned from StoneWare to ClassLink.

NEXT STEPS:

- Frankie, Rodney, and John will meet to discuss the proposed plan of prototyping ClassLink.
- Frankie will review pricing structures and determine if we want or need to issue a RFP.
