

Brainstorming with Dell Technologies Innovating for the Future

Frankie Jackson along with Paula Ross, David Deitch, Jennifer Miller, Greg Rhodes and John Crumbly participated in a brainstorming meeting on **November 7, 2018** with Dell Technologies strategists. As the district plans for an upcoming Bond, it was reaffirming to see that our district is on the cutting edge! More conversations about future options will continue. Thank You Dell!

Our purpose and beliefs	Delivering technology solutions that enable people everywhere to grow, thrive and reach their full potential			
	Simplify the complex	Make the powerful easy to use	Drive out inefficiency	Deliver superior long-term value
Our mission	The leading provider of end-to-end, scalable solutions that transform businesses and organizations			
	Standards-based, open product design	Innovative, enterprise-wide solutions	Collaborative, customer-first approach	
Our customer imperatives	Transform and optimize IT infrastructure and applications for agility	Connect people to the resources they need — anytime, anywhere	Inform the enterprise by deriving greater insights from data	Protect data and environments against evolving security threats

Jim Schul, Dell Sales Strategist
