

Discussions About Creating Resource Team Synergy Between the DII and NMO Teams

Frankie Jackson met with Greg Rhodes, Paula Ross, and Larry Barrios on Monday, **May 8, 2017** to discuss sharing resources between the Device Imaging and Integration (DII) team and the Network Management Operations (NMO) team. NMO has the need to increase resources in the area of Microsoft Active Directory. There are synergistic tasks that could be shared between the two teams. Plans are underway to split staff and resources in June 2017.
