

Evaluation of 2015-2016 DIP Strategies and Evaluation of 2016 Goals for Business and Financial Services

Frankie Jackson provided a status of Technology Services 2016 Goals, supporting Stuart Snow's Organizational Goals. She provided a status on goals 2 and 3, as shown [here](#).

1. Implement activity fund accounting software and fee payment system that facilitates online payment.
2. Each Technology Services team leader develop a succession plan.
3. Develop three documented key processes in each Technology Services team to be published on the department website every year in August.

Frankie also provided input to Ashley Clayburn, Assistant Superintendent of Assessment and Accountability. In an effort to close out the 2015-16 District Improvement Plan (DIP), she asked for input for Technology Services DIP strategies. Frankie's evaluation is available [here](#).
