

District Improvement Plan (DIP) Strategies, Strengths, and Areas of Need Updated

Ashley Clayburn, Assistant Superintendent of School Improvement and Accountability, requested Technology Services update the District Improvement Planning (DIP) documents which included strengths, areas of need, and strategies for 2017-2018.

Frankie Jackson requested each team leader to conduct a needs assessment and prepare their team's input. She then reviewed their inputs then formulated a response. These were delivered to Dr. Clayburn on **October 20, 2017**.
