

District Leadership Team (DLT) Meeting

Frankie Jackson, along with the Technology Services leadership team participated in the April District Leadership Team (DLT) meeting on **April 19, 2017**. A table was setup so support can be provided to any leader or administrator that needs help. A highlight was the new electronic sign in app that introduced, saving everyone attending the meeting the time of bubbling in a sign in sheet! Thank you team.

Technology Services' Information Services and Applications team introduced the electronic sign in app streamlining the event signin process!

THANK YOU ALL
We're the BEST TEAM EVER
