

# Technology Service Provides Support at the District Leadership Team (DLT) Meeting

Technology Services staff including Frankie Jackson, Jennifer Miller, Ray Leung, Glen Carpenter, Elizabeth Montes, John Crumbley, Rich Crishock, Larry Barrios, Eric May, Norma Blenderman, Rodney White, Jay Johnson and Frank Adian supported the District Leadership Team (DLT) meeting on **March 9, 2017**.

Our arrived early to provide support to all district leaders. Support varied from helping users connect to the wireless network, getting access to internal network resources, and answering general questions. Rich Crishock has developed a new app for tracking online attendance using employee badges. He's working with Donnetta Lowery to automate the process. Great job team!
