

Technology Services Staff Available For Extra BYOT Support at the Berry Center District Leadership Team Meeting

Scottie Stevens

Technology Services leadership staff, including the Layer3 team with Dave Kapavik, Project Manager, and Ryan Smith, Wireless Engineer, set up a support table at the Berry Center during the District Leadership Team (DLT) meeting on Thursday, **December 9, 2016** to provide additional supporting in helping district administrators connect to the Bring Your Own Technology (BYOT) wireless network. They also monitored the wireless network during the meeting to make sure there is adequate bandwidth for high speed wireless connectivity!
