

Education Microsoft Office 365 and Azure Peer Group for Administrators in the Region 4 Area

Frankie Jackson participated in the Education Microsoft Office 365 Peer Group for Administrators on **October 5, 2018**. Kimberly Osborn proposed the peer group and invited districts in the Region IV area to participate. Some of the district's included Fort Bend, Tom Ball, Klein and others. Kim did an outstanding job at coordinating the agenda and getting a special speaker from the Department of Transportation, Kirk Burns, a cybersecurity training officer, to talk about cybersecurity issues and trends. The following agenda items were discussed. **Thank you Kim for our leadership!**

AGENDA

- Listened to surrounding districts about their cybersecurity issues and what measures they are going to take to secure their districts.
- Heard from Kirk Burns, the Texas Department of Public Safety cybersecurity training.
- Heard from Microsoft in an open discussion about what's next with new products and services geared towards cybersecurity improvement issues.
