

# Meeting with Ivanti (LANDesk)

Frankie Jackson and Michelle Campos met with representatives from Ivanti (who we use for LANDesk Desktop Enterprise) on **October 5, 2017**. Nathan Eichelberger, the new Vice President of Sales in the Public Sector, was introduced. He gave his personal commitment to support our district as we are a key customer. He also agree to support the licensing compliance subsystem in LANDesk. We had previously been told that support for this would not be available. Michelle was key in showing where the licensing subsystem was part of the original proposal. Thankyou Michelle!

Don Landers (Ivanti), Michelle Campus, and Nathan Eichelberger, Vice President of Sales Public Sector
