

Meeting with Microsoft to Discuss Important Updates

Frankie Jackson met with Microsoft representatives and members of the Network Management and Operations team on **October 24, 2017**. Kimberly Osborn coordinated the meeting. The following were the items discussed.

- **EES agreement changes** – As of October 1st, some significant changes have been made. We will discuss “Microsoft 365” and what the implications will be in your district.
- **School Data Sync (“SDS”)** – Provided an overview of this technology and talked about how we can start.
- **Office 365 Single Sign-on** – Some changes have been made to the Azure AD Basic license that remove previous object limits and open up new possibilities.
