

# Meeting with Pure Speed Lightwave

Frankie Jackson, Mike Raspet, and Paula Ross met with representatives from Pure Speed (PS) Lightwave, including Amy Johnson, Dave Caddle and Rhonda Cumming, on Monday, **June 5, 2017**. Representatives from PS Lightwave currently maintains our dark fiber contracts, which connects every site to the district's wide area network. At the April 2017 Board meeting, the board awarded Phonoscope (previously PS Lightwave) a new contract. This meeting was to talk about the details of both contracts (Phonoscope and PS Lightwave), and how CFISD might move forward, providing the greatest benefit to staff and students, in the most cost effective manner. All options are being considered.

Mike Raspet and Paula Ross with Amy Johnson, Dave Caddle, and Rhonda Cumming (Pure Speed Lightwave),
