

Leadership and Vision - Key Trends Accelerating Technology Adoption in K-12 Education

Frankie Jackson reviewed the [newly released K-12 series of the Horizon report](#). The report is sponsored by the [Consortium of School Networking \(CoSN\)](#) and the New Media Consortium. The report examines emerging technologies for their potential impact on and use in teaching, learning, and creative inquiry within the environment of pre-college education.

The Horizon reports from 2009 – 2017 are [here](#). A summary of the 2017 key trends are [here](#).

Because of the consistency on specialized focus on K-12, the reports are one of the best sources for reliable information.
