

# The Formal Transition Plan for Paula Ross As the New Cypress Fairbanks Chief Technology Officer

Congratulations Paula Ross as the new Cypress Fairbanks ISD Chief Technology Officer. During the week, Frankie started the transition plan and moved her belongings out of the office so she could start moving in! Paula has worked for the District since 1999 in various technology capacities, including Network Engineer Server Support from 1999 to 2003; Manager of Server Infrastructure from 2003 to 2014; and in her current position of Director of Network Infrastructure and Communications. Paula has played a critical role in the implementation of \$90 million of technology projects, including a complete network redesign that has brought CFISD's technology infrastructure to the 21<sup>st</sup> Century; all funded by the 2014 bond program.

Paula Ross,  
Cypress  
Fairbanks ISD  
Chief Technology  
Officer!

Paula received her Bachelor of Science Degree in Computer Engineering from Lamar University. She has been married to her husband Michael for thirty-four years. They have two sons, Kirby and Cameron, that were both products of Copeland ES, Aragon MS, and Langham Creek HS. Both Kirby and Cameron are graduates of Texas A&M University.

Please help me in congratulating Paula on her new leadership role.
