

National Level Webinar with PowerSchool – Upgrading the District’s Student Information System

On **February 13, 2018**, Frankie Jackson participated in a national level webinar with PowerSchool to discuss “when it is time to upgrade your Student Information System.” PowerSchool’s marketing team asked her to team with them. She did so as a means to show support and serve as a strategic partner. She presented with Mike Rocco, a Vice President of Solution Engineering with PowerSchool. A copy of the presentation is [here](#).
