

PowerSchool Webinar

Frankie Jackson participated in a PowerSchool Webinar on **April 26, 2017**. Mike Rocco, the PowerSchool Director of Solutions Engineering, called on Cypress Fairbanks ISD to share our leadership experiences with SunGard as an integrated solution and talk about the perceptions of moving to PowerSchool. A copy of the webinar presentation is [here](#). Frankie discussed the district's challenges, best practices, and biggest impacts. Mike gave a demonstration of the Finance and Human Resource systems.

At the end, those on the webinar asked questions and Mike and Frankie shared their experiences.
