

Superintendent's Fun Run a Hug Success

The Technology Services department was responsible for time and awards for the Superintendent's Fun Run on **March 24, 2018**. Our team led by Anthony Melton and Eric May, did a fantastic job at coordinating all that had to be done. Other members of the planning team included John Crumbley, Frankie Jackson, Amanda Medau and Austen Chang. A huge thanks to John, Eric, Austen, and Anthony for being at the Berry Center by 4:30 to get setup. Their support was amazing! Also, thanks to all the runners that came out to support the cause.

John Crumbley Supporting Onsite Registration

Here are some pictures, including the next 2 slides. Thank you Team!

Eric May supporting the eFinance and Onsite Registration Process

Coordinating with Running, Bibs, Awards, and Timing

Leadership and Vision
