

Thank Your For Your Leadership at the Texas K-12 CTO Conference

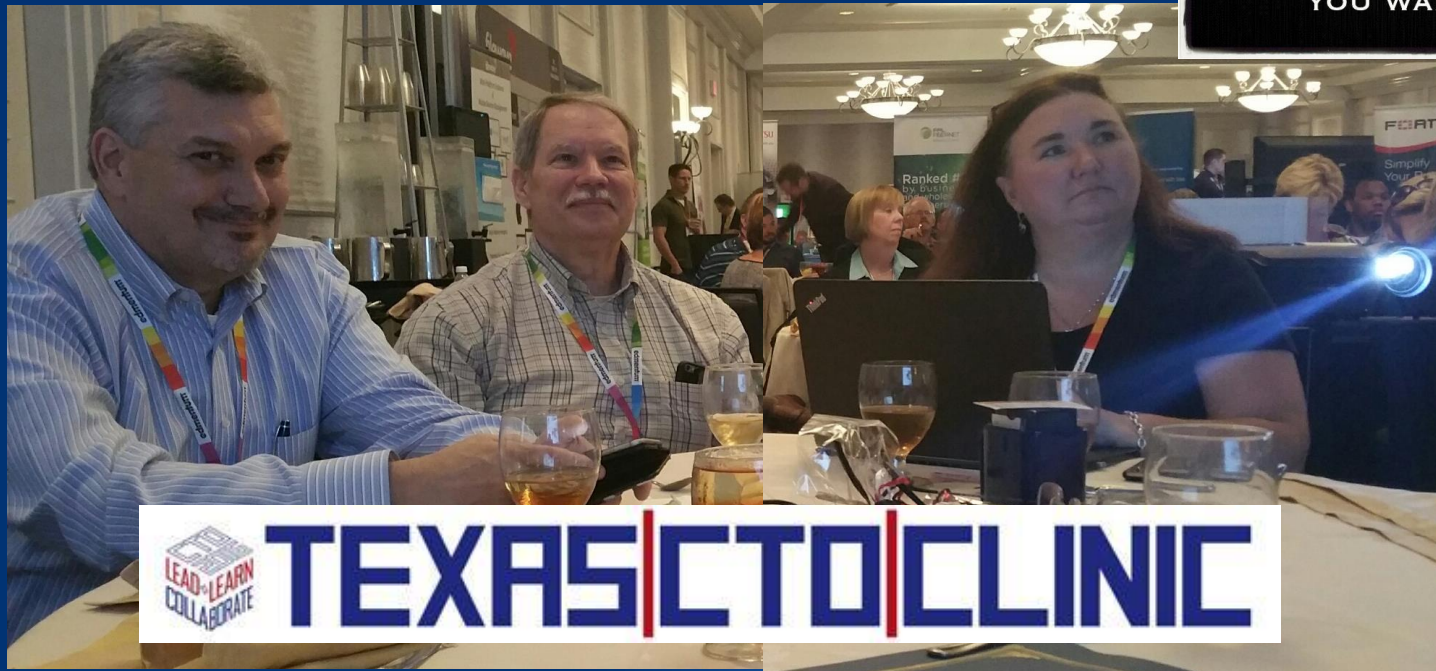

Frankie Jackson was proud to participate in the first day of the Texas K-12 Chief Technology Officer (CTO) conference on **June 22, 2016** with **John Crumbley, Rodney White, and Jennifer Miller**. Success is contagious!

I enjoyed spending the day and dinner with these successful, professional leaders! Thank you for all that you do. - Frankie

**SURROUND
YOURSELF WITH
SUCCESSFUL
PEOPLE.**

**NETWORK WITH
PEOPLE WHO ARE
ALREADY PRODUCING
THE RESULTS THAT
YOU WANT.**

John Crumbley, Greg Rhodes, Rodney White, and Jennifer Miller

Thank Your For Your Leadership at the Texas K-12 CTO Conference

Frankie Jackson thanks **Jennifer Miller** for presenting at the Texas K-12 CTO Conference on Thursday, **June 23, 2016**. Jennifer drew the biggest crowd at the conference as all were interested in what she had to say about working with technicians and setting clear expectations, which results in Performance Excellence! Additionally, **Jennifer** served as the proctor for the Certified Education Technology Leader (CETL) certification testing. There were six aspiring CTOs that took the exam. **Jennifer** gave of her time and energy to proctor the test!

Setting Great Expectations for Technology Staff

Jennifer Miller, Director of Technology Support Services and Performance Excellence

Click [here](#) to view the presentation that she gave (which is packed with 3 years of data and results). Wow!

I also appreciate **Jennifer** helping me during my presentations, assisting with slides and anything else that I needed. Thank you so much! **Frankie**

Thank Your For Your Leadership at the Texas K-12 CTO Conference

Frankie Jackson thanks **Rodney White** and **John Crumbley** for presenting at the Texas K-12 CTO Conference on Thursday, **June 23, 2016**. They were invited to present with staff from Katy ISD. John and Rodney presented on Textbooks and the Digital Student. During the presentation, they talked about students and them being 21st Century Learners that are always connected and always online: Digital Natives. They expect the educational environment to be the same. Learn how two districts – Katy ISD and CyFair ISD are managing the explosion of data and textbooks and how they are maintaining the processes involved to keep the fireworks at bay. **Rodney** highlighted how CFISD is implementing online textbooks with a digital, student-centered approach. Both sure made me proud to be part of their team! Thank you **John** and **Rodney** – Frankie Jackson

Thank Your For Your Leadership at the Texas K-12 CTO Conference

Frankie Jackson thanks **Greg Rhodes** for presenting at the Texas K-12 CTO Conference on Thursday, **June 23, 2016**. **Greg** was invited to present with Layer3 to talk about our virtual datacenter deployment. **Greg** highlighted the process of building a virtualized data center, with high capacity, full redundancy, and high reliability in disaster recovery, business continuity, and guaranteed availability!

His wit, presentation style, and expertise, sure made me proud. Thank you **Greg** – Frankie Jackson
