

THE 21 IRREFUTABLE LAWS OF LEADERSHIP

Three Levels of Leadership Intuition:

1. Those who naturally understand leadership
2. Those who can be nurtured to understand leadership
3. Those who will never understand leadership

Develop intuition by developing your thinking:

- Research the project .
- Render the plan .
- Rehearse the play .

“Once you have a burning desire and you live in purpose with that desire, decisions come quickly and easily and seldom if ever will you change your mind.”

— Napoleon Hill

Leading others to the Law of Intuition:

Listen for the following that indicates an opportunity to teach this law.

- *I know in my gut I need to...*
- *I get a hunch but how do I know...?*

“If prayer is us talking to God, intuition is when God talks to us.”

— Wayne Dyer

Some people believe you have to be in the right place at the right time. Almost every time a leader is in the right place at the right time, other people are in the same place at the same time.

The difference is intuition which is being in the right place at the right time with the right awareness .
