

THANK
YOU

Thank you Technology Services Staff!

To the **CCC Department, DII Department, Katie Hernandez, Jay Johnson and Paula Ross:**

Thank you for making my birthday a memorable one!!!
You ALL Rock! Zuhura Gober

Andrew Tran is proving to be a tremendous asset not only to the ECN team but to NMO as well. Andrew is very responsive and willing to assist with the connectivity needs of the server infrastructure. Most recently he worked with NMO to support a bandwidth requirement for a new storage system. We were able to work together to configure the network components and the system is now online. Andrew's efforts and the skills he has are greatly appreciated. Thanks! The NMO Team

Technology Leadership and Vision

THANK
YOU

Thank you Technology Services Staff!

Larry Barrios,

I appreciate your service oriented style when working with the Instructional Technology department. In my meeting with Becky Cook this week, she talked about how you met with her to explain the Lenovo products. She talked about how responsive and helpful you are. She said she really depended on you and she could not thank you enough. Thank you for all that you do! Frankie Jackson

Jennifer Miller,

I appreciate you acting on my behalf and representing the district in working with the Benchmark4Excellence group. The work is very detailed and time consuming. It required that you pull data from many sources, all in an effort to compare our technology department with other technology departments across the state. This is an example of the kinds of work that you do for me personally that helps save time so I can focus on the Bond. Thank you for all that you do! Frankie Jackson

THANK
YOU

Thank you Technology Services Staff!

Jay Johnson,

Your leadership topic "21 Laws of Irrefutable Leadership - The Law of Solid Ground" was fantastic. Your powerpoint was well thought out. Your delivery sounded like a professional facilitator. It was engaging.... You put the sizzle in the magnets. Thank you Jay!
Frankie Jackson

John and Norma, you represented our team at the Texas Sungard User conference on Tuesday, April 12, 2016. Both of your style and professionalism made me proud to be part of the CyFair team. Thank you for sharing your knowledge with others in the state!
Frankie Jackson

THANK
YOU

Thank you Technology Services Staff!

Paula, thank you for working last Thursday night on April 7, 2016 when the air conditioning had issues in Data Center 3. Having to work a full - nonstop stressful day, then having to turn in to work till 3:00 a.m. in the morning is tough even for the toughest. Your leadership and coordination efforts are over the top. You amaze me every day with your tenacity and energy for our team. Thank you for all that you do. Frankie

Katie, thank you for holding down the fort while I was at the CoSN conference. Your ability to make great decisions and guide those that flow in and out of our office is the best I've ever seen. The consistency in your work and the attitude that you exhibit while you work is so appreciated by me. Thank you for all that you do. Frankie Jackson
