

THANK YOU

Thank you Technology Services Staff!

Here is a special thank you to the team of Technicians who worked through the summer on projects that just don't stop! These Technicians spent a part or all of their summer working with Team Leaders so that the progress continued. Thank you for your extra efforts and willingness to support!

THANK YOU

Thank you Technology Services Staff!

Greg Mushen, Patricia Fisher-Holmes, Stephen Hernandez and Rock Valentine: Their assistance with the VoIP project this summer was a definite value add. They provided guidance and leadership to make sure the VoIP project kept moving forward. I enjoyed working with all of them and having them as part of our team. Thank you, Greg, Patricia, Stephen and Rock for going above and beyond. Charles Newton

Thank you Norma for the dedication you show the ISA team and CFISD every day. Though your task is difficult, near impossible, you never complain and accept the challenge with a comforting smile and a 'can-do' attitude. We are lucky to have you on our team. John Crumbley

Thank you Rodney White for your willingness to step in during my absence to represent the ISA team in the leadership capacity. John Crumbley

Thank you to Samara Rivera-Rangel for helping with end of the year budget issues. I appreciate Samara's willingness to work together in getting all loose ends tied! Katie Hernandez

Martin Donald, Thank you for helping me with my tickets at Bang. And thanks for allowing me to take from your surplus any equipment I needed to get staff up and running. Tara Maxwell

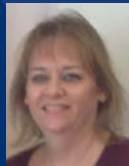

THANK
YOU

Thank you Technology Services Staff!

Thank you to Zuhura Gober, Samara Rivera-Rangel and Tammie Bartkowiak for graciously agreeing to work collaboratively on a budget spreadsheet for the department. It is not always easy to begin a new process, especially when you have something in place that you're already accustomed to. I appreciate their willingness to work as a team on the budget and give it a try! Katie Hernandez

Thank you Eric May for your willingness to serve as the contact for ISA in my absence. Though it is difficult to step out side your comfort zone, it is not possible without a willingness and the first step. It is reassuring to know that the ISA team members are willing to serve. Thank You.

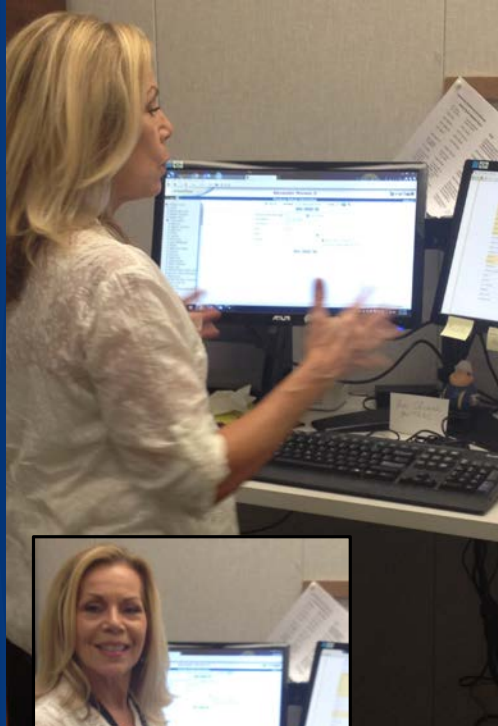

Thank you Charles for being the go-between with AT&T's billing department. Charles has taken the time to work with an AT&T account specialist who has researched and advised on many new VoIP charges. He has been able to communicate in the right language with AT&T, saving me many back-and-forth emails. Katie Hernandez

THANK
YOU

Thank you Technology Services Staff!

A few years ago I put in a request for a standing desk, but never really thought I would get one. Recently, however, I was surprised with a standing work station/table that works beautifully as a desk.

Jay's department had ordered 4 of these tables, and when John saw them, he asked Jay if I could try one out. Next thing you know, my office was transformed, and here I stand typing this thank you note.

I would like to thank John for remembering that I requested a standing desk, and thank Jay for agreeing to let me try it out.

I don't know how long I get to keep it, but I am fully prepared to cry like a big baby if they take it back. No really...I will.

Thank you John and Jay for your kind and generous gesture. It means a lot to me and my poor circulation.

Sincerely,
Renee' Peel
