

Thank you Technology Services Staff!

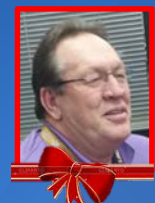

Lillie's always so swift with the software assignments. 1hr turnaround from submission of ticket through CCC to completion of assignment, including a delay to ask me a question on Lync. The teacher requested the software very late, and yet she still had it in time for the class period she needed it because Lillie's so on top of her game. Students and Teachers get the software they need inevitably faster than anticipated, minimizing downtime and maximizing instructional benefit. Thanks Lillie! Geoffrey Brown

Roland has gone the extra mile to assist with my on-boarding to CyFair ISD's technology group. By working within and outside of the group to help me gain access, badging, system logins and by making introductions. If the goal was to make me feel welcomed, he's certainly done that. Thank you, Roland. Charles Newton

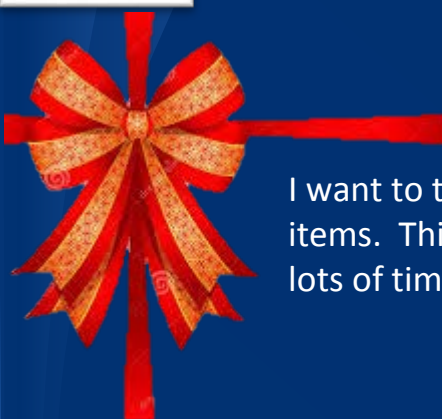

Frank Adian,
Thanks for all your support and giving me the tools I need to get my job done! Tara Maxwell

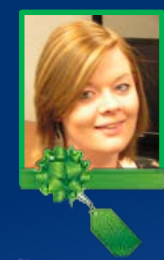

Thank you Technology Services Staff!

I want to thank **Ashley** for such quick turn around on the Discrepancy items. This system **Leonard Chance** put in place is allowing her to save us lots of time and effort in keeping an accurate inventory. Susan Pavliska

I really want to give a big "Thank you" to **Jennifer Miller** for helping me notify the administrators in the schools for the UPS Replacement in the MS and Elementary schools. I don't know what do I do without all her help. Thank you so much! Elizabeth Montes

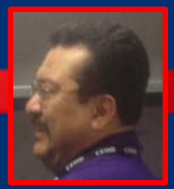

I want to thank **Mike Grimes** and **David Rodriguez** for helping pick up all the old UPS from the MS. All your help is really appreciate it during the UPS project. Thank you Elizabeth Montes

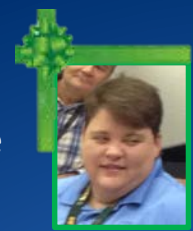

Thank you Technology Services Staff!

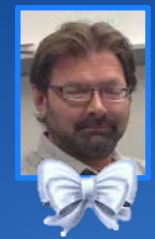

A big shout out to the following people for completing the last of the middle school Cisco switch upgrades: **Anna Senties, Elizabeth Montes, Thomas Hollister, Tony Rogers, Roland Padilla, and Oscar Villar.** -Paua Ross

Thanks to **Kimberly Bowlin** and **Greg Rhodes** for their never ending support with the virtualization RFP. - Paula Ross

Thanks to **Glen Carpenter** for stepping up and helping with "all things wireless" !!
Paula Ross

Without the help of **Zuhura Gober** and **Larry Barrios**, the ECN team would not have our two new complements to the team:
Tony Rogers and Charles Newton. Thank you both!! - Paula Ross

Thank you Technology Services Staff!

A big shout out to **Mike Grimes** for giving up a portion of his Saturday for the last few weeks to assist with the middle school upgrades. -Paula Ross

Thanks to **Roland Padilla** for taking the time to train Glen Carpenter on a network cable testing tool to help identify cabling issues with both data and voice equipment. Roland gave a quick training and discovery of telephone equipment at Bleyl to help give him insight on cabling infrastructure and topology in support of the upcoming VoIP deployment. - Paula Ross
