

Thank you Technology Services Staff!

Nelda Hanzi stayed late on Friday, November 20 to start and complete the iSupport upgrade. Nelda had everything planned precisely and did a great job meeting each goal she had set for herself. The system was updated and working well by the end of the evening. Thank you so much Nelda for taking care of all that had to be completed and then communicating very well with all team members. Jennifer Miller

After Nelda Hanzi completed the iSupport upgrade, **Ken Gibson** and **Lillie Swearingen** completed tasks that needed to be completed before Monday. Each responded over the weekend that their parts of the puzzle were complete well before the system was in production on Monday. Thank you both for responding to email notifications and meeting the needs of the department. Jennifer Miller

Thank you **Austen Chang** for always being willing to help out! Nancy Grella

Larry Barrios just happened to notice that one of my monitors was flipping faded bands on the screen creating a bit of an eye sore. Larry, **Jay Johnson** and **Josh Zhang** put their heads together and the faulty equipment was replaced. I appreciate Larry and Jay taking care of things and am so thankful for Josh's promptness and thorough nature. I'm all set up and no longer dealing with the funky screen! Katie Hernandez

Thank you T Traweek!

Please join me in a special “thank you” to our Programmer – Terry “T” Traweek. He was able to fix our Expenditure Audit Trail detail to include all requisition numbers. You should no longer receive the “whse detail not available” message when more than one requisition shipped to your location on the same day. Make sure that the “show detail” field is checked when running the report.

Yay T!

Deborah Zimmerman
Secretary for the Directors of
Business and Financial Services – ISC North

Thank you so much for all the hard work!! Appreciate you!!
Kathryn Gutierrez

Awesome!!! Thank you!!!!
