THANK  
YOU

## Kimberly Osborn and Jennifer Miller:

Thank you for sending out the email to the CFISD Staff, ref. the "Termination of Account" email. Explaining to them that it is a spam email has calmed many of our anxious customers. You have helped the Customer Care Center service our customers in the district in a timely manner and your proactive work is greatly appreciated. Susie Elias

## Mike Grimes:

I want to thank Mike for helping us on moving all the network equipment to the Transportation's sites so they can be there ready for the network upgrade. Thank you so much Mike we really appreciate all your help. Elizabeth Montes

Thank you so much, **Zuhura**, for taking care of my dietary needs during the luncheon yesterday!

Zuhura went out of her way to cook baked potato and green beans for me to ensure that I had a good, healthy meal as a vegetarian since she knew they were providing sandwiches that all had meat in them.

As I'm sure Jennifer says all the time, thank God we have Zuhura to look out for us! Geoffrey Brown

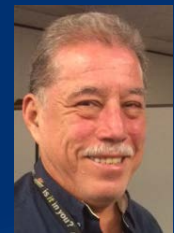

THANK  
YOU

## Richard Martinez and Benito Oribuela:

I really want to shout a big "Thank you" to Richard Martinez (MCA) and Benito Orihuela (MCA) for all their help in relocating the rack in Telge Transportation, without this job it will be impossible to upgrade the network infrastructure at Telge and they work Friday after hours until midnight and all Saturday in order to get this ready for the upgrade on Monday morning. Thank you so much. You know I really appreciate the work of both of you.  
Elizabeth Montes
