

DII-Technology at Work

DII team members Anthony Melton, Austen Chang, Derly Buentello, Josh Zhang, Daniel Serwinek, Michelle Campos, Nancy Grella and Lillie Swearingen would like to say HAPPY NEW YEAR to everyone!!

Challenges for 2016

DII team members [Anthony Melton](#), [Austen Chang](#), [Derly Buentello](#), [Josh Zhang](#), [Daniel Serwinek](#), [Michelle Campos](#), [Nancy Grella](#) and [Lillie Swearingen](#) knows that as they move into the 2016 many things will change. The new year is an **opportunity** for **new challenges**. Challenges that together, DII can face and overcome. This new year the team will finalize the RFP for a new Desktop Management System. This means that processes will change, things will improve and with that comes a chance to learn. With all of this change the team is ready to accept the pitfalls and stumbling blocks that will occur, but if you know such obstacles are coming, they are easier to overcome.
