

DII In ACTION

Richard and Anthony

Anthony Melton from DII walked the high schools with **Richard Martinez** from MCA. They were moving all the patch cables (cables used to patch in ports to switches). Their job was to put all cables in the MDF (Main Distribution Frame). They walked all 10 high schools in 2 days. The duo was also recording where the Hubble Boxes (boxes need to hold network gear) needed to be replaced and would be bring them up to district standard.

DII in Pink

BREAST CANCER
AWARENESS

Anthony Melton, Michelle Campos, Nancy Grella, Derly Buentello, Josh Zhang and Lillie Swearingen all at some point wore pink in honor of Breast Cancer Awareness Month. They wore pink as they serviced iSupport Tickets and worked around the office. It is a small way of saying that DII will do anything for anyone and any team. THANKS DII

DII Around the District

Nancy Grella continues to represent DII and test the network closets after a network conversion. She is shown her testing closets at Aragon Middle School. DII will show up at 6 AM on the Monday after the conversion and test each switch in every closet. A representative from ECN is just a phone call away if there are any issues. The CyFair team also has Presidio team available if needed.
