DII in ACTION (Assisting Customers Tackle Issues Onsite Now)

DII (Device Imaging and Integration) team members wanted to start off the new school year by saying “WELCOME BACK!”

We wanted to take this opportunity to re-introduce DII team members!

So read on to learn a little about DII.....

Anthony Melton has been with Cypress Fairbanks ISD for 8 years and as a vendor for 10 years with Prime System. Before coming to education Anthony worked in the technology industry for over 19 years as a technician, sales, project manager, and also in the seismic industry. Anthony says, "It's great to see how CFISD students use technology in their studies."

Anthony has been married for 9 years. Anthony and Noel have two boys, one is 5 and will be starting kindergarten and also have a very active 19 month old. Anthony says, "They are my everything."

Anthony is currently training for his third full marathon along with my first triathlon.

Austen Chang, the newest member of DII, started in March as a replacement for Carol Billingsley who retired last December. Austen graduated from the University of Houston with a Bachelor's Degree in Computer Engineering Technology. He has worked with the district as a vendor, Prime Systems, for 10 years.

On his free time, Austen enjoys playing video games, swimming, and spending time with family and friends.

Lillie has been working in Information Technology for 13 years and at CFISD for almost 9 years. She has an AAS in Computer Information Technology from Tomball College and a BS of Computer Science from OLLU; she graduated Summa Cum Laude in both degrees.

Lillie has two children – Layla (15) and Thomas (2) - and is happily married to Ray. In her spare time, she enjoys reading Sci-Fi and Fantasy novels, playing with her two dogs (Jack and Freckles) and gerbils (Poncho and Lefty), and hanging out with her family.

Michelle Campos has been with CFISD for almost 7 years. She started part time in the repair department. Then moved into an Elementary TA position servicing the Katy and Cypress area elementary's. She has also worked with the ECN department as a TA to help service the South Side of the district. Michelle has her AAS degree and is currently working towards her BS in Computer Science.

Michelle has been married to Chris for 18 years and they have 3 children. Michael (19 yrs.), Jonathan (17 yrs.) and Nicole (15 yrs.) which attend or have graduated from Cy-Woods HS. Her hobbies are kick boxing, hanging with the family and running

Device Imaging and Integration (DII)

Daniel Sewinek has been with Cypress Fairbanks ISD for 15 years (1.5 yrs with Repair and the rest at DII). Before coming to CFISD he worked as an Electronics Technician for 18 years and while in West Virginia worked in the coal mines as an electrician. Originally from Michigan and then moved to West Virginia and then to Texas in 1983. The best thing he says about Texas is discovering Pace Picante sauce, he put it on everything. He enjoys working with electronics, computers, Ham Radio and walking for the exercise.

Josh Zhang has worked with CyFair for 11 years. 9 years at Prime Systems as the lead technician and later on as project manager and department manager. He has been with DII for almost 2 years programming tools and working with the imaging and system management software. He also served in the Army Reserves as a 74D Chemical Operations Specialist.
