Esmond DeSouza, Thank you for sharing information at the high school technician meeting on February 17th. It takes courage to stand up and talk in front of a large group of staff - especially your peers. It was clear that your expertise is respected. I appreciate you so much! Thank you. - Frankie Jackson

Esmond DeSouza

Geoff Brown

Geoff, thank you for sharing your expertise at both technician meetings on February 17, 2016. Your presentation about LANDESK and your experience with the proof of concept was very professional and informative. I like how you brought in the time savings with instructional time. I appreciate your perspective about our technology products so much. Thank you. – Frankie Jackson

Doug, I appreciate your leadership and presentations at the technician meetings on February 17th. I enjoy your lighthearted style and humor. I believe your presentations not only were informative but engaging. I liked how you asked technicians for their input about testing and looked for best practices among the technicians. Thank you for all that you do. – Frankie Jackson

Doug Baker

Richard Kurtz

Richard, thank you for presenting at the February 17th technician meetings. Information about the network closet ratings is important to the team. Your willingness to stand up in front of your peers is admirable. I appreciate all that you do to help the CCC be more efficient and customer friendly. Thank you! - Frankie Jackson

Thank you Ingrid for presenting at the two technician meetings on February 17th. Sharing information in front of your peers is always nerve-wracking. I appreciate your willingness to step out of your comfort zone and talk about technician's taking the oath as a requirement of the testing process. I appreciate all that you do and am so happy you are back on the CFISD team! – Frankie Jackson

Hi Brandon! I just wanted to pass along a compliment that was shared with me today. One of our teachers said that you are always so kind and easy to work with. She said that you were working on some of the computers in the lab today, but offered to come back later, so that the students could have more time to work on their projects.

We appreciate you!
