“**Staffing Allocations**” is a term education uses to determine how many teachers each campus will have based on the enrollment per each grade.

Donna VanHooser and Lisa Nevins with Human Resources (HR), have worked together in a cross-department initiative improve the process CFISD utilizes to assist campuses administrators. Donna and Lisa succeeded in architecting a paperless solution that accurately and immediately provides current staffing ratios for every campus. This new solution will save the HR staff many hours of data gather and presenting. This also adds another success to HR’s Paperless Initiative. **Way to go Donna!**
