

# ISA PEIMS Support Wrap Up

Norma Blenderman

There is only two weeks before the end of the school. Where has the time gone? It has been an amazing year.

As the end approaches, my staff gets busier and busier. The team is focusing on all the processes necessary to end the school year successfully. Also, we are preparing for the summer PEIMS submission. This is our biggest submission of student data.

I am thankful for and proud of each person on my team!

Thank you!
