

Thank you Technology Services Staff!

Todd Sepulveda is the new Curriculum Management Systems Coordinator and iXplore/ScanIt Coordinator. Todd was very helpful in troubleshooting various issues with ScanIt over the past couple of weeks. Although Todd is not a part of Technology Services, I believe he still deserves recognition for his hard work in this area.

I just wanted to drop a quick thank you note for **Susan Pavliska**, for being a great team player, thanks for her hard and dedicated work we have been able to accomplish great things at Cy Ridge. Staff loves and respects her tremendously, and while I knew she is a great person and Campus Technician - seeing her fans cheer for her is fantastic! Go Susan! Proud and glad to be here at Cy Ridge!

We just wanted to send a short note to let you know that one of your employees (**Prime Systems**) went above and beyond for us. While he was installing our new speakers, he helped us with some extra work in the classroom. He had a smile on his face and didn't hesitate. He made our life a little easier while we worked late that night. We really appreciate it!
