

Internet Governance Committee & Trusted Learning Environment

On **Monday, September 11, 2017** **David LaPlante** (Security Specialist), **Jennifer Miller** and **Greg Rhodes** discussed the transition of leadership of the Internet Content Management and Filtering Governance Committee. The committee provides governance over electronic communication and data management as well as Internet content management and filtering. Planning for the first 2017-2018 quarterly meeting is underway with an early November date under consideration.

On **Friday, September 15, 2017** **David LaPlante** and **Jennifer Miller** participated in the Trusted Learning Environment (TLE) Focus Group Meeting. The Focus Group is made up of 12 Texas ISD's either in the process of achieving the TLE Seal or have achieved the Seal but are working on updating documentation for renewal. The group is sharing processes and status as well as best practice wherever applicable to assist one another in the process. David also provided an update on CFISD information gathering status.
