

Digital Learning Conference and Student Data Privacy

- On **Wednesday, July 25th** and **Thursday, July 26th**, **James Costello, Eric Pina, and Jennifer Miller** presented to teachers and other staff at the Digital Learning Conference to share information about how to we can all work together to protect ourselves, our community, and our information from cybercrime.

The DLC Presentation can be found by clicking [HERE](#).

- Additionally, throughout the week, we met with school teachers, district administrators, and 3rd party software developers to discuss our Student Data Privacy Agreement, our process for vetting software, applications, and web services. It takes all of us to ensure our student data is kept safe.
